Please Help Us With a Phishing Awareness Survey!

We're doing a fun class project to see how well students can identify **phishing emails** — fake messages designed to trick you online.

The survey has 3 short parts:

Phase 0: Questions about what you already know

Phase 1: Look at emails and determine if they're real or fake

Phase 2: Look at a new set of trickier emails to test your skills again!

Each part takes between **10-20 minutes**, and your answers help us understand how students learn to stay safe online.

Your responses are anonymous — we don't collect names or personal info.
You'll be shown a **consent form** before you start.

About the Study

You are invited to participate in a phishing awareness survey as part of a class project.
The purpose of this survey is to gather data on individuals' ability to identify phishing emails and to assess overall phishing awareness.

Data Collection and Use

Your responses will be **anonymous** and **confidential**.All data collected will be used **only for educational purposes** within the scope of this class project.Your information will **not** be shared, published, or used outside this academic exercise.

Voluntary Participation

Participation in this survey is **completely voluntary**

Agreement

By selecting **"I Agree"** below, you confirm that:

You have read and understood this consent form.   You voluntarily agree to take part in the survey

Consent Form for Participation in Phishing Awareness Survey *   5 points

◉ I agree

◯ I disagree

Thank YouThanks for agreeing to take part in our **Phishing Awareness Study**. Your answers will help us better understand how students recognize online scams and how we can improve digital safety. Please click and complete all three links

Phase 0: Prior Knowledge Survey

Instructions:

This section asks questions about what you already know about phishing — a type of online scam.

There are no right or wrong answers. Just answer honestly based on what you think or have experienced.

This part will take about **10–20 minutes**. Please click link below

Phase 1: Can You Spot the Phish? (Email Challenge – Part 1)

Instructions:

You will be shown **randomized example emails of fake or safe email**

- Decide if the email is **safe or a scam**.
- Tell us how confident you are in your choice (from 1 = guessing to 5 = very sure).
- Take your time. This part will take about **10–20 minutes**. Please click link below
- https://forms.gle/UF9vuyX1zBVJzif86

Phase 2: Can You Spot the Phish? (Email Challenge – Part 2)

Instructions:

You will be shown **randomized example emails of fake or safe email.** These are a little **harder to detect**.

- Decide if the email is **safe or a scam**.
- Tell us how confident you are in your choice (from 1 = guessing to 5 = very sure).
- Take your time. This part will take about **10–20 minutes**. Please click link below
